

RUI PINTO

Data Scientist & Machine Learning Engineer

Lisbon, Portugal

github.com/RuiFSP | linkedin.com/in/ruifspinto | ruifsp.github.io/RuiFSP

PROFESSIONAL SUMMARY

Machine Learning Engineer with 2+ years designing and deploying production ML systems across retail, finance, public sector, and automotive. Expertise in MLOps pipelines, LLM and RAG applications, cloud-native data platforms (AWS, GCP, Azure), and forecasting at scale. Strong engineering and consulting background with a Lean Six Sigma Black Belt and MBA - bridging technical execution with business impact.

CORE COMPETENCIES

- Python, SQL, scikit-learn, XGBoost, TensorFlow, PyTorch
- MLflow, Prefect, Dagster, Docker, Terraform, GitHub Actions
- AWS SageMaker, GCP (BigQuery, Spanner, ADK), Azure Databricks
- FastAPI, Streamlit, Kedro, Airflow

EXPERIENCE

Deloitte | Lisbon, Portugal

Tech Senior / Tech Consultant, AI & Data | Dec 2024 - Present

- Built ML forecasting models for project expenditure tracking using AWS SageMaker, integrating real-time financial data to improve budget accuracy
- Designed and deployed a RAG agent using Google ADK, Cloud Spanner, and BigQuery for enterprise-scale intelligent retrieval and contextual reasoning
- Developed AI forecasting tools using Model Context Protocol (MCP), integrated with SAP systems via AWS SageMaker
- Built sales forecasting models for a retail client using Temporal Fusion Transformers on Azure Databricks for demand planning and anomaly detection
- Led data anonymization for a public sector tax program using NER models on GCP to protect sensitive data while maintaining analytical value
- Orchestrated ETL pipelines with Dagster in the automotive sector, integrating front-end and back-end systems

Le Wagon | Lisbon, Portugal

Data Science Instructor & Batch Manager | Jan 2024 - Dec 2024

- Taught Data Science and Data Analytics bootcamps, mentoring students through end-to-end ML projects from EDA to deployment
- Managed cohort operations, project supervision, and Demo Day presentations across 7 cohorts

FEATURED PROJECTS

- **MLOps Pipeline (Premier League Prediction)** MLflow, FastAPI, Prefect, PostgreSQL, Grafana, Docker - github.com/RuiFSP/mlops-2025-final_project

- Bike De

EDUCATION

- **Data Science & AI Bootcamp** Le Wagon, 2023
- **Full Stack Developer Bootcamp** Code for All_, 2022
- **MBA, Business Administration** ISEG, 2013
- **Lean Six Sigma Black Belt** ASQ, 2014
- **MSc, Mechanical Engineering** Instituto Superior Tecnico, 2007
